Short Description

Artist's note: "When I started sketching "Medusa" I only had the lady in my mind. Then, as I proceeded with the sketch she was accompanied with a cat, a crow and the spiders. It quite often happens that the final idea for an artwork reveals itself to me only when I put it on the paper. It's like I don't know what I'm about to create until I actually create it and see it for myself."
